Urban Science Academy
Headmaster
Rasheed Hakim Meadows

Dear USA Class of 2007,

I wish you well on the beginning of this next phase of your life's journey. You have made all of us proud as you have been leaders and trailblazers, showing our community that your aspirations of greatness have ultimately led you to success. As you leave us and go on to college and other post-secondary activities, remember that you have made a promising and indelible impression on your schoolmates—the rising juniors, sophomores and freshmen who aspire to emulate you. Additionally, the entire USA staff will long remember your strong, kind, curious, and intellectual spirit.

I wish that you experience the greatest gifts that life has to offer. Remember to always be strong-willed and do the right things in life; have integrity and respect for that which you believe to be important; help others, especially when they are unable to help themselves; and pay attention to every opportunity that comes your way!

We will cross paths again, as good people in this world inevitably reunite under positive circumstances. Be well and Godspeed.

Sincerely,
Rasheed Meadows
